	30 or more enrolled employees			\$1250
Optional Orthodontic Coverage	A minimum of 10 enrolled employees required Available only for dependent children, age 8-18	N/A	50% \$1000 lifetime maximum	

Members who receive services from non-Delta Dental network dentists are covered at the same benefit level as those who see Delta Dental Premier network participating dentists. However, because non-Delta Dental network dentists are not under contractual obligation, they may balance bill members for the amount not reimbursed under the plan. †Optional Treatment: Plan member receives the amalgam benefit for the least costly, commonly performed course of treatment. The plan member is responsible for the balance of the treatment cost. ** Missing-tooth exclusion applies during the first 24 months of coverage.

Claim payments are subject to review. We strongly recommend a pre-estimate for implants and all major services.
For exact benefits and current rates, contact your Delta Dental Sales Representative: (402) 397-4878 or (800) 736-0710

Trust the expertise only a world-class organization delivers. Count on the values only a hometown business understands.

Delta Dental has built a reputation as the premier dental benefits system in the United States. As your hometown team, Delta Dental of Nebraska is proud to live up to that reputation – with solid plans and a commitment to innovation and excellence that set us apart.

You can count on us to deliver on our promises, large and small. You can rely on us for great dental plans. You can turn to us for fast, knowledgeable and friendly service.

From one Nebraska organization to another, we invite you to experience for yourself what a rapidly growing number of Nebraska-based groups have already experienced first-hand: a consistently better dental plan, in your own backyard.

Delta Dental Premier

The Delta Dental Premier program is our original network plan, featuring access to one of the leading dental networks in the state – The Delta Dental Premier network.

See any dentist or specialist – no referral required

- Delta Dental Premier members may receive care from any licensed dentist.
- Out-of-pocket costs are greatly reduced when a network dentist provides services.

Advantages to seeing a network dentist include:

No balance billing – With a network dentist, members won't be billed for the difference between the actual procedure charge and what the plan allows. When members receive care from a non-network dentist, they are responsible for the balance of the bill.

No paperwork – When members use network dentists, there's no paperwork. Dentists bill us, and we pay them directly. Members choosing a non-network dentist may have to submit their own claim for covered expenses.

The largest network in the state – and the nation

- Members have access to the largest dental network in the nation – the Delta Dental Premier network.
- The Delta Dental Premier network offers 198,000 dentist office locations nationwide and 1,030 in Nebraska.
- Three out of four dentists in America are in our network.
- Our provider information is accurate thanks to rigorous credentialing and follow up.
- Members also have access to emergency dental care when they travel the world.

The savings really add up

- Network providers agree to rates that are often lower than their usual fees. This results in lower claim costs, which keep premiums affordable.
- Our operating costs are among the industry's very lowest, so we're able to pass those savings on to our members.

We set the standard for service

- We retain 98% of our customers year after year.
- We pay 99% of claims within 10 business days with 99% accuracy.
- Our plans are expertly administered through a partnership with Delta Dental of Minnesota, which has received an "A" rating (Excellent) from A.M. Best for 11 straight years for financial stability – among the highest-ranked dental plans in the country.

Custom programs for groups of more than 100

- If your group has more than 100 employees, Delta Dental will tailor a dental benefits program that meets your specific needs.
